## **State of Michigan Comprehensive Plan for Improvement**

**School Year:** 2007 - 2008 School: Happyvalley Middle School

Section I: Comprehensive Analysis Report on Student Achievement

(From the Comprehensive Needs Assessment - Section 1)

Content Area: English Language Arts: Writing (X) Active goal () Maintenance goal () Revised Goal

**Student Goal Statement:** All students at Happyvalley Middle School will be proficient writers.

Statement of gap in student achievement (must be based on Multiple Measures of Student Achievement Data): Based on a review of three different assessment data, only 37% of our students are scoring proficient on all three measures of writing.

Contributing cause for the gap in student achievement: Specifically, the male sub-group is scoring 20 points below the school's aggregate score of 53% of the students scoring in the proficient category of MEAP writing. Further analysis showed that narrative writing scores are low because student writing, especially male student writing, lacks detail.

List multiple sources of data used to identify this gap in student achievement: MEAP, IOWA and Curriculum Monitoring data

Section II: Comprehensive Analysis Report on System Processes and Practices

(From the comprehensive Needs Assessment - Section II)

Listed below are the challenges from the Comprehensive Needs Assessment Strand reports, the EdYES! Report, the Standards Assessment Report or the Self Assessment Report that were aligned with this content area goal to be included in this School

Improvement Plan. (These should be addressed as strategies/action steps in your SIP in Section III)

Students	Technology	Student Centered	Volunteering	Purpose
Best Practice	Coaching & Facilitating	Technology	Business Community	Multiple Types
Student Engagement	Clear Expectations	Uses Best Practice	Educational Institutions	Multiple Sources
Meets Student Needs	Collaboration & Communication	Student Engagement	Collaboration	Tools

Note: all of these challenges can form the basis of the school's Professional Development Plan

Section III: Plan to Accomplish Student Achievement Goals and Objectives

Measurable Objective Statement to support Goal: 65% of the students overall will score in the proficient category in writing on MEAP including 59% of the male subgroup scoring proficient in writing on MEAP.

Strategy Statement: \* Teachers will research best practices around writing instruction that focuses on including details and differentiate instruction for targeted groups.

especially males, incorporating collaboration among grade level teachers, sharing of strategies and results and the use of technology.

Activity to implement the strategy	Staff responsible for implementing activity			Resources Needed for activity			Monitoring Plan for the activity	Evidence of activity success
	AY	Begin	End	Resource	Source \$	Amount		
1. Staff will read "Boys and Girls Learn Differently" by Michael Gurian and "Classroom Instruction That Work." by Robert Marzano. (from Key Characteristic challenges – Uses Best Practice)	All staff	Summer 2007	Oct. 2007	Books by Gurian and Marzano as indicated in Action Steps	Title II, Part A	\$950 (\$39x25)	Survey of staff by SI team	Results of survey

2. Collaborative meetings/staff meetings will focus on above best practices (from Key Characteristic challenges – Collaboration & Communication)	<ul> <li>All staff</li> <li>SI Team</li> <li>Principal</li> </ul>	June 2008	Building schedule of meetings	n/a	n/a	SI Team and principal will review meeting agendas /minutes posted on school's intranet  Grade level/content teams will report out on key learning applications.	Agendas and minutes will reflect content of best practices.
3. Training in Six Traits for teachers who have not had the training (3 teachers) from Key Characteristic challenges – Best Practice)	<ul><li>Department chairs</li><li>New staff</li></ul>	Sept. 2007	Registrati on for Six Traits	Title II, Part A	\$300 x 3 teachers	Department chairs will check that teachers are registered and have attended.	Teachers' evaluation of Six Traits training and reflection on the training.
4. Teachers will share best practices at grade level/content area meetings and collaboratively decide which instructional practices from the readings to implement in classrooms prior to the writing assessments – focusing on both details and strategies to engage boys in writing  Lists of strategies	<ul> <li>All staff</li> <li>Department chairs</li> <li>Principal</li> <li>School Improvement Team</li> </ul>	 June 2008	Attendanc e at meetings by ELA teachers	n/a	n/a	Occasional attendance of meetings by principal and department chair.  SI Team and principal will review meeting agendas /minutes posted on school's intranet	Observations of meetings by principal and department chair.  Agendas and minutes will reflect content of meetings.  Walkthrough documentation.
chosen by grade level/ content teams will be given to principal and Department Chair and SI Team  (from Key Characteristic challenges – Collaboration & Communication and Uses Best Practices)			Training in walk- throughs for principal	n/a	n/a	Principal walkthroughs looking for implementation of strategies listed by each grade level/content teams.  Principal and department chair will review lesson plans/ curriculum Maps looking for	Lesson Plans and Curriculum Maps contain appropriate best practices.  Lesson plans and curriculum maps

	<del>,</del>					T	<del>_</del>
						differentiated instruction for boys	contain appropriate best practices.
						Principal and department chair will review lesson plans/ curriculum maps indicating lessons in content focusing on details	
5. Grade level/content area teachers will meet at least four times a year to collaboratively score student writing, paying special attention to the inclusion of details and disaggregate the writing scores of males.	<ul> <li>All staff</li> </ul>		ne Attendanc e at meetings by staff.	n/a	n/a	Occasional attendance of meetings by principal and department chair. Schedule of collaborative scoring meetings	Observations of meetings by principal and department chair.  Quarterly prompts, scored on Six Traits rubric showing growth in content and ideas.  Additional writing assessments as agreed upon by grade level/ content teams.  Disaggregation of writing scores by gender and trait showing lessening of
6. Using data, teachers will monitor and adjust instruction and do timely interventions for identified students using research-based strategies as identified in Step 4.  Grade level/content area meetings will reflect the collegial dialogue as described above.  (from Key Characteristic challenges –Collaboration & Communication and Best Practices)	* All staff	Oct. 2007 20	ne Meetings attended by staff.	n/a	n/a	Occasional attendance of meetings by principal and department chair.  SI Team and principal will review meeting agendas /minutes posted on building's intranet.	gap between males and females.  Observations of meetings by principal and department chair.  Agendas and minutes will reflect content of meetings.

7. Begin extended time writing instruction focusing on males,	<ul><li>School</li></ul>	Oct. 2007	June 2008	Extended time writing workshops targeted at males	Title I for staffing program	\$5,000	Attendance of targeted boys at after-school extended learning focused on increasing writing skills.	Comparison of writing scores of boys participating in workshop to boys not participating in workshop – looking for trends of achievement growth in writing, focusing on using details.
8. Incorporate writing and technology. (from Key Characteristic challenges – Technology)	<ul> <li>Department chairs</li> <li>All staff</li> <li>Principal</li> <li>Technology Director</li> <li>School Improvement Team</li> </ul>	Sept. 2007	June 2008	In-service in use of tech. district/ building staff)	Title IID	\$500	Principal and department chairs will review Lesson Plans/ Curriculum Maps targeting integration of technology and writing.  Principal walkthroughs looking for integration of technology and writing.	Lesson plans contain integration of technology and writing.  Teachers showing increased use of technology when teaching writing  Walkthrough documentation

**Other Required Information** 

What research did you review to support the use of this strategy and activities? Classroom Instruction that Works – Marzano, There's No Practice Like Best Practice Making Sense of the Research, Recommendations, and Rhetoric of Professional Teaching by Steve Peha, Boys and Girls Learn Differently by Michael Gurian

What Professional Learning activities will you need to provide to support the successful implementation of this strategy/activities? Use of Best Practices, Use of Technology as a writing tool, Instructional Strategies to engage the hard to reach student, professional development in Six Traits (see Section III above for the professional development plan)

How has the school integrated the use of telecommunications and informational technology to support this strategy? All staff will be trained in the application of technology software - Inspiration, Microsoft Office, Publishing- and how to use with students in the classroom.

**Annual Monitoring and Evaluation Plan** 

What are the criteria for success and what data or multiple measures of assessment will you use to monitor the progress and success of this plan? (Include how all stakeholders will be involved) Information on the implementation of this goal will be collected during the school year as delineated in Section III above. Evidence collected will include: Workshop attendance by classroom teachers, agendas, and minutes of collaboration team meetings, samples of lesson plans, student attendance at after school workshops, and student scoring on common grade level writing rubrics. The school improvement committee will review the Evidence of Activity Success for each strategy listed to determine success. Grade level curriculum pacing guides, end of unit tests, MME, and Dibles test results will be used to determine overall progress/success in meeting this goal statement.
